

# Married customers have a right to sell securities only after providing authorization of spouse

Methods of providing the [authorization](#):

✓ The spouse is a customer of SEB bankas

1. The spouse makes a telephone call to the bank at +370 5 268 2800.

- When calling the bank, he/she provides personal data and the spouse's data (name, surname, personal code, email address, expiry date of the authorization)
- Employee of SEB bankas issues the authorization on the SEB bankas' portal for electronic signature of documents and notifies the spouse by email
- Within 7 days, the spouse signs the document on the SEB bankas' portal for electronic signature of documents (using the Smart-ID app, mobile e-signature, digipass)

2. The spouse writes a text message on the Internet Bank

- Text message includes his/her personal data and the spouse's data (name, surname, personal code, email address, expiry date of the authorization)
- Employee of SEB bankas issues the authorization on the SEB bankas' portal for electronic signature of documents and notifies the spouse by email
- Within 7 days, the spouse signs the document on the SEB bankas' portal for electronic signature of documents (using the Smart-ID app, mobile e-signature, digipass)

3. The spouse visits the bank unit

- Upon arrival, he/she provides personal data and the spouse's data (name, surname, personal code, email address, expiry date of the authorization)
- Employee of SEB bankas issues the authorization
- The spouse signs the document

✓ The spouse is not a customer of SEB bankas

1. The spouse makes a telephone call to the bank at +370 5 268 2800

- When calling the bank, he/she provides personal data and the spouse's data (name, surname, personal code, email address, expiry date of the authorization)
- Employee of SEB bankas issues the authorization on the SEB bankas' portal for electronic signature of documents and notifies the spouse by email
- Within 7 days, the spouse signs the document on the SEB bankas' portal for electronic signature of documents (using the qualified Smart-ID app or mobile e-signature)
